

We are so excited to start collaborating on your paint party! These parties are such a fun way to engage kids in creativity and self-expression. Kids always have a blast making and sharing what they have created. We are happy to customize activities for ages 4+ and incorporate various themes to make it your own.

CREATION STATIONS

There will be 3 creation stations set up at a time.

All 3 stations will be set up with materials, instructions and an example displayed.

Children can free flow through the activities at their own pace with guided support and demonstrations.

One creation station will be a custom community mural! We will chat about themes and ideas for this mural that your child will get to keep.

Choose an additional 2 activities from the list on the next page:
